<sup>(1)</sup> Many bids had different number of sheets per roll. Took bid price, divided by number of rolls in a case, then by number of sheets

<sup>(2)</sup> Changed bid to state - dispensers provided at distributor cost

<sup>(3)</sup> Item bid is the same item they sent 2017-2018 school year. The bags from last year were very thin - leaked and ripped. Compared strength to other samples received

<sup>(4)</sup> Will not work with our current dispensers
